BREEDING CONTRACT TRANSPORTED SEMEN DELIVERY

I. This contract is for the 2023 Breeding Season made and entered into by and between

Saralin Farm
5490 Keene Versailles Road, Versailles, KY 40383
98590 229-5664

hereinafter designated as "Saralin", and

Owner/Lessee of Mare ("Mare Owner") _____

Address _____

Phone _____

II. This Contract covers: (Please complete entirely)

The "Mare" _____

AMHR# _____

Sire _____

Dam _____

Date of Birth _____ Color _____

Identifying Marking _____

And the "Stallion" Saralin Seedstock AMHR# 184835

Whose Service Fee is (\$2023) MMNBE Donation

III. I understand and accept the following terms as a condition to this contract, prior to the shipment of any semen.

IV. The "Designated Veterinarian" shall be

Name _____

Address _____

Phone _____

The Mare Owner certifies that the Designated Veterinarian practices equine reproduction as a regular part of his or her practice, is available for palpation, cultures, the other necessary procedures and has consented to oversee the breeding of the Mare on a regular basis. Mare Owner understands the Veterinarian's credentials as stated above must be approved by Saralin and agrees to the following conditions:

- The Designated Veterinarian must examine the Mare within 45 days prior to shipment of semen and certify in writing that the Mare is free of infection and in good breeding condition.
- He/she must forward to Saralin written results of a uterine culture within 45 days prior to first shipment of semen and processed by

a recognized laboratory.

- The provisions of #1 and #2 above must be repeated for any mare failing to settle within two cycles after shipment of semen has commenced.
- The Designated Veterinarian must examine the Mare for pregnancy between 35 and 55 days after last breeding and the results mailed to Saralin.
- Failure to conform to Subsections a, b, c, and d of this Paragraph will completely nullify all guarantees and no further semen will be shipped.

V. All parties agree that semen shipped under this contract is to be used only for inseminating the Mare designated in Par. II or any substitute mare under Par. VII below.

VI. In addition to the Booking Fee, a semen transport fee of \$ 300 shall be due and payable on execution of this Contract prior to first shipment. The fee shall include all veterinary, collection, and handling and shipment charges for the first shipment of semen and use of the shipment container for each shipment during the then applicable breeding season.

VII. Saralin assumes responsibility only to deliver live semen in viable condition at the time of delivery to the Mare Owner's farm. Should the Mare not settle after three cycles, the Mare Owner shall have right to substitute a different mare owned by the Mare Owner, in which case the substitute Mare must be fully identified, a new uterine culture and the results of the Veterinarian's exam must be forwarded and approved by Saralin before insemination may take place. Regardless whether additional shipments are made for inseminating the original Mare or for a substituted Mare, the Mare Owner shall pay Saralin a veterinary, collection, handling, and shipment charges of \$ 300 for each semen shipment made after the first. Shipments of semen may be commenced on or after February 1st, and may be continued until the close of the breeding season on August 1st.

VIII. Summary of Fees and Expenses Assumed by Mare Owner:

- The Service Fee described in Section II as follows: On execution Owner shall pay Saralin the non-refundable Booking Fee and the balance shall be payable PRIOR to shipment of semen.
- A collection, handling, and shipping charge of \$ 300 for each shipment of semen following the first shipment.
- All fees for subsequent shipments of semen will be billed directly by Saralin, which charges are the full responsibility of the Mare Owner and shall be paid in full within ten days of the date of the statement.
- The Mare Owner will be responsible for all Veterinarian charges related to the insemination and pregnancy of the Mare.

IX. The Mare Owner understands that both the Mare and the resulting foal must be blood-typed by the American Morgan Horse Association prior to the registering of the foal. Any foal conceived in any manner not complying with the Contract will not be eligible for Registration.

X. In the event the Mare fails to become pregnant, and/or if she fails to produce a live foal, the Mare Owner may have semen shipped in the following breeding season only, for the original or a substitute Mare, without additional Service Fees. All other conditions of Par. IV above must, however, be met during the following Breeding Season.

XI. Should the above-named Stallion die or become unfit for service, or should the above-named Mare die before being served, this Contract shall become null and void, any money paid as part of this Contract shall be refund to the Mare Owner.

XII. Any dispute hereunder shall be referred to and resolved by arbitration in accordance with the rules and regulations of the American Arbitration Association. The arbitrators shall be knowledgeable concerning the care and breeding of horses and of contract matters relating thereto. The laws of the Commonwealth of Kentucky shall apply in any such dispute.
